## 2 Client Success Stories: Driving Consistent Engagement Year After Year

### COMMERCIAL VEHICLE MANUFACTURER:

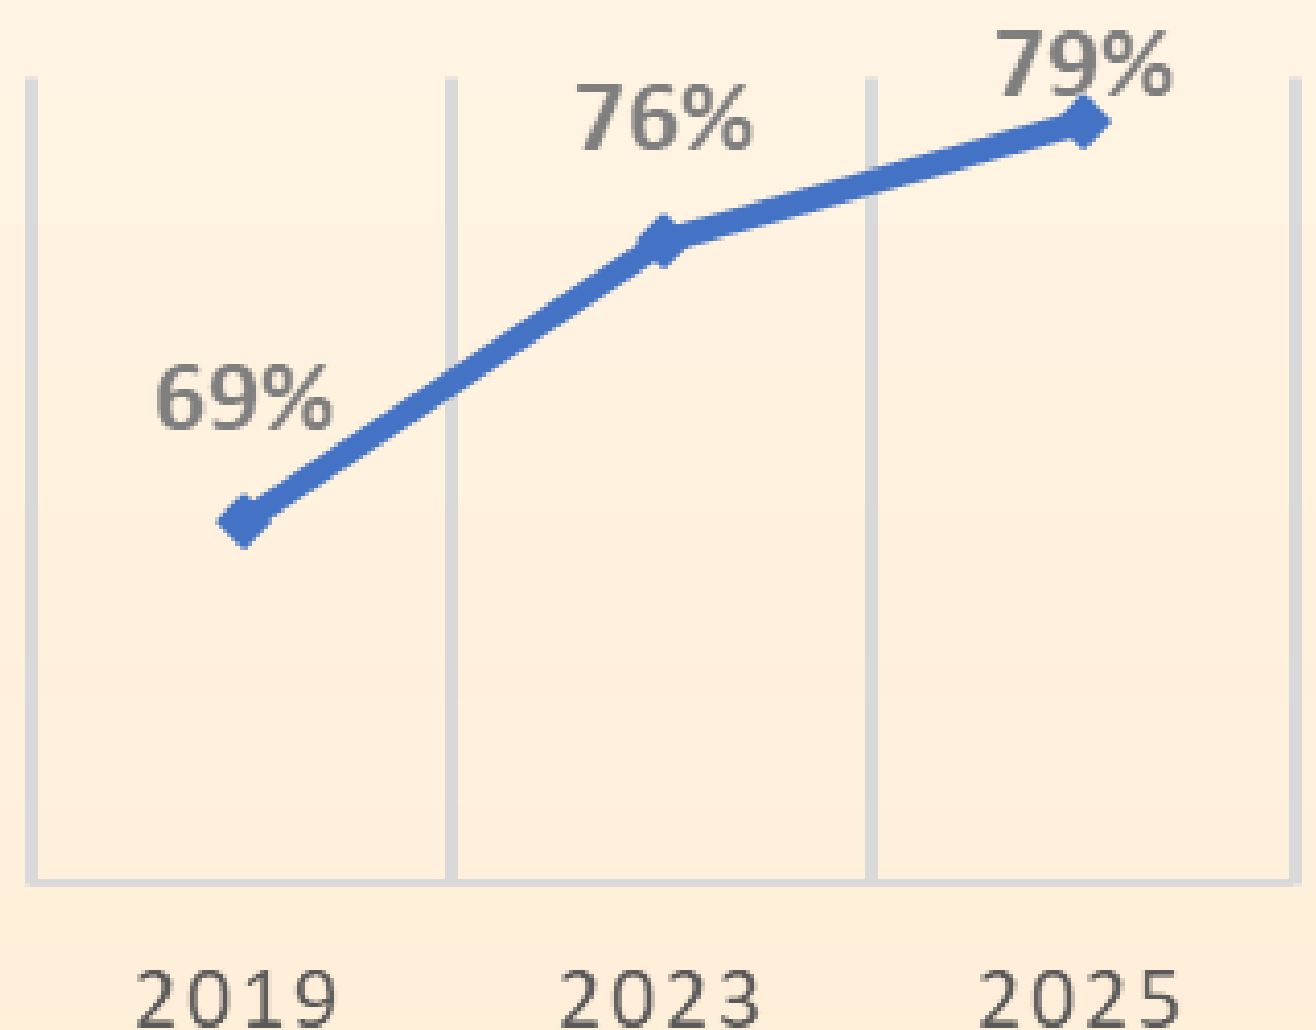

With a participant base of 4,500 employees, the TalentVoice survey not only saw an overall increase in engagement, but also recorded a 19.2% rise in the fully engaged workforce since 2021.

“Achieving a 98% response rate and an 85% engagement score is no small feat—and it wouldn't have been possible without your proactive coordination, patience, and commitment throughout the process. We truly value the collaboration and the trust built through this journey” -**HR Lead**

### AUTO COMPONENTS MANUFACTURER:

With a participant base of 1,700 employees, the TalentVoice survey not only saw a rise in engagement levels but also achieved a 5% increase in participation rate.

“We recently concluded our Employee Engagement survey using TalentVoice and the entire experience of conducting the survey across 19 geographies was seamless. Right from designing to execution everything was technology enabled. The use of Visualization tools which were easy to use was absolutely amazing” -**VP, Corporate HR**
